## Choosing a Market

Once you have logged in to the client area, you will see the following screen:

The screenshot displays the Alpesh Patel Spreads trading platform. At the top, the user's name "Alpesh Patel Spreads" is shown, along with a "Log Out" button and the tagline "LEVERAGED TRADING ON FINANCIAL MARKETS". A navigation bar includes tabs for "TRADING", "PORTFOLIO", "OPEN BETS/ORDERS", "OPEN BETS SUMMARY", "HISTORY", "A/C SUMMARY", "DEPOSIT FUNDS", and "MAINTENANCE". Below this, a secondary bar shows market categories: "Popular", "Futures", "UK100", "UK250", "UK EX350", "US Shares", "Euro", and "Others", along with a "Search" button. The main area is a table of market data:

At the bottom of the interface, the account number "991010" and "Total Position £ 25000" are displayed. A disclaimer states "ALL PRICES SHOWN ABOVE ARE INDICATIVE". The footer contains links for "ABOUT WORLDSREADS", "TERMS & CONDITIONS", "CONTACT US", "DISCLAIMER", and "PRIVACY".

You now have access to live trading quotes on the thousands of markets offered by WorldSpreads. Simply click on the various market tabs (Futures, UK 100, US Shares etc).

Where necessary you can then narrow down your selection by using the Market Drop-down:

Market	Quote	Daily Change
FTSE - DAI	5467 - 5469	↑ +33
FTSE - DAI	5476 - 5478	↑ +33
FTSE - DAI	5467 - 5469	↑ +33

FTSE MAR 2006	5484 - 5491	↑ +37
FTSE - NOV 05	5468 - 5473	↑ +29

If you are unable to locate the market of your choice, you can use the Search tab on the right-hand side of the trading panel:

This facility will allow you to search for a market just by entering the first few characters of the market name.

### Placing a Bet

Let us assume you wish to place a bet on the Daily FTSE Cash market. Enter your stake in the Stake Box. In this example we use a stake of £10 per point:

**HINT:** You can reveal in-depth details of the trading times, settlement basis, Initial Margin Requirement etc for any market by clicking on the  button next to each market.

Now simply click on the Trade button. This will immediately bring up the Deal Ticket for this market, which shows a streaming buy-sell quote:

The screenshot shows a trading interface with a 'Deal Ticket' pop-up window. The pop-up window has a red header with the text 'Deal Ticket'. Below the header, it displays the following information:

- Current price for:
- 10 of FTSE - DAILY CASH - THU 17/11
- 5464 - 5466
- Two buttons: 'SELL' (red) and 'BUY' (blue)
- A 'Close' button at the bottom.

The background interface shows a list of markets with columns for 'Quote', 'Daily Change', and 'Stake'. The markets listed include Futures, UK100, UK250, UK EX350, US Shares, Euro, and Others. The 'FTSE' market is selected in the dropdown menu.

You are not yet obliged to place a bet at this stage. Once you wish to buy or sell, click on the buy or sell button. In this example, we will sell. If the trade is accepted by our system, your bet will be accepted and you will see a bet confirmation:

The screenshot shows a 'Bet Confirmation' pop-up window with a red header. The window displays the following information:

- Deal Reference: 2029
- Client: 991010
- A section titled 'This Bet' containing the text: 'You sold £1.00 of FTSE - DAILY CASH - THU 17/11 at 5464 (Serial No: 6615)\\WorldSpreads, FSA regulated; dated 17/11/05 at 10:29, expires on 17/11/05'
- A 'Close' button at the bottom.

Occasionally, once you have clicked on buy or sell, your order may first be referred to a dealer, who will confirm the price at which you can deal:

Assuming your order to bet is not then rejected, you will quickly receive a final deal ticket. This will show a fixed price at which you can buy or sell, and the time you have to deal on this price:

Even at this stage you can still opt not to place the bet. However, clicking on Confirm will send us your instruction to deal and you will (subject to such considerations as your account being sufficiently funded) then see your bet confirmation.
